Software Updates Are Free!

Hewlett-Packard provides free software updates on the HP ProCurve Web site for your switch. To access the software updates, go to the HP ProCurve Web site at www.procurve.com, then click on **Software downloads** to go to the "HP ProCurve Networking software releases" page. Under **Download the latest software** click on **Switches** to go to the page that has the free download for your switch.

Register for Automatic Notification of Updates. From the "HP ProCurve Networking software downloads" page, you can also register yourself to automatically receive email notice of new updates for your managed HP ProCurve networking products.

To determine whether you have the latest software, you can compare the software version that is available on the Web site with the version that is currently installed on your switch.
